

Nebras at a glance

nebras-power.com

Established in 2014, **Nebras Power is a global power development and investment company** headquartered in Qatar. Our mission is to develop and manage a portfolio of strategic investments in the power sector globally. We pursue long-term investment opportunities that create value for our shareholders.

Our Mission

We are committed to provide safe, reliable, efficient, and environmentally sound energy solutions. We aspire to achieve this by living our values, which drive every decision and action we take. We encourage talents and we truly count on skills and creativity of our team to achieve excellence in everything we do.

Our Shareholders

Nebras Power is a joint venture of two Government Related Entities ("GREs"): Qatar Electricity and Water Company ("QEWCo"), (60%) and Qatar Holding (40%). Nebras Power enjoys full support from two strong shareholders, with solid fundamentals and outstanding track record. They have invested into the company's growth and are able to bring our vision and strategy to life.

Nebras Power was set up to take advantage of the investment opportunities created by continuously growing demand for electricity and water throughout the world. Nebras Power is the vehicle through which Qatar develops and manages a portfolio of sustainable strategic investments in power, water and renewables globally. We form part of Qatar's 2030 vision to diversify the economy, to promote the sustainable growth of the country and to be the custodian of wealth for future generations that create value for our shareholders.

Corporate Governance

Nebras is committed to adhere to the highest standards of corporate governance. We believe in promoting transparency and fairness throughout our governance and leadership system.

Corporate Social Responsibility

The sustainability programs within Nebras Power are designed to align governance of the business, environmental performance and social responsibility efforts. Corporate social responsibility and sustainability are at the core of Nebras Power's operations and business conduct and it is deeply embedded in our work environment and exists within our organizational culture.

“ We have the ambition to become one of the leading energy companies of the world, pioneering future energy.

- OUR VISION
